Subject: Institutional Credit Proposal for Rs. 1,000,000/- Under Priority Sector Lending Social Infrastructure & CGTMSE Credit Guarantee Framework

We formalise this comprehensive credit evaluation request on behalf of our micro-enterprise institutional client, **MANJULA EDUCATIONAL SOCIETY** (operating as *Khushi Public School at Mahabubabad, Telangana*), registered under Society PAN: **AABBM6884F**. The institution is an officially certified Micro-Enterprise under the Ministry of MSME (Udyam Registration Number: **UDYAM-TS-18-0040555**) and is proudly promoted and spearheaded by a **woman entrepreneur belonging to the Scheduled Caste (SC) community**.

The school operates as a highly critical social infrastructure facility catering to primary educational needs up to the 8th standard (Upper Primary Stage, verified under continuous valid state regulatory board credentials). The setup has completed 1.2 years of continuous post-commencement operational history since launching its primary academic terms on 12/06/2025. To support a structural upsurge in new student enrollment cycles for upcoming terms, the society requires a specialized credit injection of Rs. 10,00,000/- (Rupees Ten Lakhs Only) slated for classroom expansion, tech links, and general infrastructure amplification.
